This game is free and open source!

Both the islands map and the enemy soldiers
are randomly generated to allow you to have a
different adventure every time. And all dialogues
are random and available in English and Spanish.

Join elite pilot Alex Rykov and his commander
in an effort to fight this menace. You can shoot,
defensive turrets, fighter jets and helicopters.
Now they dominate this territory with soldiers.
The Black Hand militia has taken over Thalassa.
Thalassa Island needs your help to be liberated!
